

PUBLIC NOTICE

To all Property Owner in the City of Sturgeon Bay

As the weather permits, the City of Sturgeon Bay Street Department will be trimming trees in order to maintain the desired clearance to all roadways, sidewalks and alleyways.

Any property owners who prefer to trim their own trees may contact the Public Works Department at 746-2912 and will be asked to adhere to the City's specifications.

Trimming by the city will include brush removal. However, property owners will have to dispose of any brush they clear on their own by taking it to the City Compost Site on Division Road.

Bob Bordeau
Municipal Services Superintendent
