NOTICE OF FALL LEAF COLLECTION TO ALL PROPERTY OWNERS IN THE CITY OF STURGEON BAY

As a reminder, The City of Sturgeon Bay will begin its final pass of the Fall Leaf Collection the week of November 14th, weather permitting. During the final week of collection, we will pick up at each residence one last time, so please have your leaves raked to the curb by 7:00 a.m. Monday morning November 14th. Once the crews have collected your materials during this final week, we ask that you do not place any more out as they will not be able to go back.

Please keep in mind that it is very difficult to determine an exact date that the crews will pass by your residence. Much of the collection process is weather dependent—if the leaves are wet or freeze, they take longer to vacuum. Leaves may fall earlier one year than another and depending on how many leaves have been raked to the curb can all affect how fast or slow the collection crews can move.

We ask that you rake all leaves to the curb. **Bagged leaves will not be collected.** Brush and garden waste will NOT be collected by City crews as these materials can damage the equipment used for leaf collection. Brush and garden waste may be dropped off at our compost site on Division Road at any time.

As a reminder, please do not rake leaves into the streets. This increases the pollution to the storm water and can cause flooding of streets by clogging storm sewers. It is also a dangerous attraction to children.

As always, you may bring any yard waste, brush, leaves, etc. to the city's compost site on Division Road. It is open 7 days a week from dawn until dusk and is free of charge to City residents.

We appreciate your cooperation. If you have any questions regarding fall leaf collection, please feel free to contact the Public Works Department Monday through Friday between 7:00 a.m. and 3:30 p.m. at 920-746-2912.

Providing all residents, businesses and visitors a safe and clean community
