Architectural Statement: <i>This large 2 1/2 story commercial block anchors the corner of an intact commercial blockface within the District. The late Classical Revival detailing at the cornice and the use of rockfaced local limestone is of interest. A third story (above the cornice) appears to have been added about 1915 but does not detract from the original architectural character of this handsome, albeit simply detailed, early 20th century brick commercial block. It is an excellent and relatively intact example of a once common style and is the only such commercial block within the District constructed of both brick and local limestone.</i>	Historical Statement: <i>296 Cedar - 1911 (B) In 1898, the above noted property was vacant. Two years later, Mrs. J.P. Graass had a building constructed on the site valued at \$2200 for both land and improvements. In 1906, J.J. Pinney acquired the property and the value of the site nearly tripled. Pinney's building was valued at \$4500, exclusive of the land. J.J. Pinney was the son of G.W. Pinney. J.J. Pinney was the editor of the Door County Democrat. G.W. Pinney was a newspaperman and commercial tree grower.</i>	Map Name <i>Sturgeon Bay - District</i>
