Architectural Statement:  
*An iron-crested oriel window accents the facade of this two story commercial building. Other detailings--such as the cornice and pedimented window lintel--show hints of classical derivation. The modifications to the storefront have seriously compromised this building's original architectural integrity. It does, however, contribute to the significance of the district despite these modifications because of its scale and second story detailing.*

Historical Statement: *17 Cedar in 1911 (A)*
